<p>1945 - 2100 hrs</p>	<p><b>Session : The Recalibration of Global Power: Towards a Multipolar World</b> <i>The pandemic has accelerated the ongoing shift to a realignment of global power equations. With Asia fast emerging as a new arena of contestation, countries are opting for partnerships and coalitions of different kinds for different purposes. The Indo-Pacific region has gained increasing heft in geopolitics, with leading nations introducing new formats of cooperation in this geography. India as an influential, credible and robust democracy is crafting a new narrative for its external engagement that looks at including all geographies in its development path. Are the modalities of external engagement for nations changing? Is there scope for a multipolar world that is more inclusive and equitable with nations coming together to address global challenges and risks? What are India's priorities in the realignment process?</i></p> <ul style="list-style-type: none"> <li>• <b>H.E. 1130 - 1245 hrs	<b>Session : Changing Dynamics of Global Value Chains</b> <i>The dynamics of global value chains (GVCs) are changing because of several major structural shifts across the world. GVCs are being reshaped by rising demand and new industry capabilities in the developing world as well as a wave of new technologies, which are changing costs across global value chains. As a result, all GVCs are becoming more knowledge-intensive, which has further diminished the importance of low-skill labor as factor of production. In addition, the flows of services and data now play a much bigger role in tying the global economy together. Given this important shift in the global production network, companies need to reevaluate their strategies for operating globally.</i>  <ul style="list-style-type: none"> <li>• <b>Mr Dammu Ravi</b>, Secretary (ER), Ministry of External Affairs, Government of India</li> <li>• <b>Dr (Ms) Luz Maria de la Mora Sanchez</b>, Vice Minister of Foreign Trade, Mexico</li> <li>• <b>Ms Isabelle Durant</b>, Deputy Secretary-General, UNCTAD, Switzerland</li> <li>• <b>Ms Marion Jansen</b>, Director, Trade Directorate, OECD, France</li> <li>• <b>Dr Amitendu Palit</b>, Senior Research Fellow; and Research Lead (Trade and Economics), Institute of South Asian Studies, National University of Singapore</li> <li>• <b>Dr Robert Koopman</b>, Chief Economist, World Trade Organisation, Switzerland</li> <li>• <b>Mr Per Altenberg</b>, Senior Trade Policy Adviser, National Board of Trade, Sweden</li> <li>• <b>Mr Eduardo Pedrosa</b>, Secretary General, Pacific Economic Cooperation Council, Singapore</li> <li>• <b>Mr Daniel Havas</b>, Vice President, Strategy and Investor Relations, Lynas Rare Earths, Malaysia</li> <li>• <b>Mr Søren Skou</b>, Chief Executive Officer, Maersk, Denmark</li> </ul> <b>Moderator: Dr. Anish Shah</b> , Managing Director & CEO, Mahindra & Mahindra Ltd, India

1945 - 2100 hrs	<p><b>Session : Financing Recovery</b> <i>Global recovery necessitates sufficient access to funds for businesses, including small enterprises, long-term capital for infrastructure investments, and building up household balance sheets. The cross-border movement of capital needs to be steered in the right direction to ensure robust recovery avenues for all economies as they attempt to hasten recovery from the pandemic-induced slowdown. India has undertaken many policies to strengthen its financial sector and provide access to credit to all. This session will outline important financial sector reforms that the world needs to prioritize for growth and how these would play into global economic recovery.</i></p> <ul style="list-style-type: none"> <li>• <b>Mr Julio Pertuzé Salas</b>, Vice-Minister of Economy and Small Business, Ministry of Economy, Development and Tourism, Chile</li> <li>• <b>Mr Christian Kettel Thomsen</b>, Vice-President and Member of the Management Committee, European Investment Bank, Luxembourg</li> <li>• <b>Mr Jahangir Aziz</b>, Head of Emerging Market Economics and Commodities Research, JP Morgan, USA</li> </ul> <p><b>Moderator : Mr Sanjay Nayar</b>, Chairman, KKR India</p>
1945 - 2030 hrs	<p><b>Session : Partnership for Sustainable Trade Recovery and Protecting Livelihoods</b> <i>The world trade is on course of a strong rebound. The WTO is now predicting global merchandise trade volume growth of 10.8% in 2021—up from 8.0% forecasted in March. However, there are two serious concerns. First, behind this strong growth, there is significant divergence across countries, with some developing regions falling well short of the global average. Secondly, the world is not yet out of the pandemic and therefore the risk of future disruptions is not completely ruled out.,</i> <i>The pandemic has taken a huge toll on services trade. In the year 2020 alone, there is a loss of US\$1.3 trillion of export revenue from tourism, adversely impacting the livelihoods of millions of poor in developing world. Trade is also recognized as a key factor for meeting the SDGs, which aims to double the LDCs' share in global exports by 2020. This target has now been missed.</i> <i>Given the important role of trade and uncertain world trading environment, it is important to build a strong partnership to make the trade growth sustainable and equitable. The session would focus upon how a strong partnership through trade can be an important solution to overcome the current crisis.</i></p> <p><b>Remarks : Mr T V Narendran</b>, President, Confederation of Indian Industry</p> <p>Speakers</p> <ul style="list-style-type: none"> <li>• <b>Dr. Ngozi Okonjo-Iweala</b>, Director General, World Trade Organisation</li> <li>• <b>Shri Piyush Goyal</b>, Minister of Commerce &amp; Industry, Textiles, Consumer Affairs, Food and Public Distribution, Government of India*</li> </ul>

<p>1315 - 1430 hrs</p>	<p><b>Session : The Digital Revolution: Learnings from Small Businesses</b> <i>The pandemic has speeded up the adoption of new technologies by several years and the explosion in innovations in digital technologies in the form of artificial intelligence (AI), Internet of Things (IoT), Big Data, Block Chains etc. is expected to provide impetus to this Industrial Revolution. Small businesses are better positioned to benefit from digital transformation than large companies, as their size proves to be advantageous when adapting digital technology. India is home to more than 65 million MSMEs who will need to embrace digitisation to make the country a trillion-dollar digital economy. Small and medium enterprises are very much at the heart of these disruptive technologies and their intrinsic agility can help countries adapt quickly to these major structural shifts that are changing the rules of the game.</i></p> <ul style="list-style-type: none"> <li>• <b>HE Mr Faiyaz Siddiq Koya</b>, Minister of Commerce, Trade, Tourism &amp; Transport, Fiji</li> <li>• <b>Dr. Le Quang Lan</b>, Director for Market Integration Directorate (MID), ASEAN Secretariat</li> <li>• <b>Ms Angela Di Giacomo</b>, CEO &amp; Founder, Wundernova GmbH, Germany</li> <li>• <b>Mr Shirish Jain</b>, Director, Proxtera, Singapore</li> <li>• <b>Mr Antonio Saraiva</b>, President, Confederação Empresarial de Portugal (CIP), Portugal</li> <li>• <b>Dr Santitarn Sathirathai</b>, Group Chief Economist, Sea Group, Singapore</li> <li>• <b>Mr Mukund Kulkarni</b>, Co-Chair, CII subgroup on Digital Technology for MSME (TechSaksham) &amp; Director, Expert Global Solutions Pvt Ltd, India</li> <li>• <b>Mr Prasad Kokil</b>, Managing Director, Sanjay Technoplast Pvt Ltd, India</li> </ul> <p><b>Moderator : Mr Ashok Saigal</b>, Co-Chairman, CII MSME Council and Managing Director, Frontier Technologies Private Limited, India</p>
